

Application for a research permit

[Birds Directive Article 9(1)(b) derogation]

FORM A *ver. 1.0 (approved by Ornithology Committee on 13 October 2021)*

Section 1: Applicant Details and Contact Information

1.1. Type of Applicant

Provide details of the type of applicant below:

Click here to choose the type of applicant.	Click here to enter name of Company, Organisation or details of Partnership.
---	--

1.2 Contact Details

1.2.1. Contact Person for the processing of the application.

Name	Click here to enter text.
Surname	Click here to enter text.
I.D. Card No.	Click here to enter text.
Telephone Number	Click here to enter text.
Mobile Number	Click here to enter text.
Email Address	Click here to enter text.

1.2.2. Technical Competent Persons for the Operation of the Proposed Activity

Provide details of the Technical Competent Person(s) in the table below:

Name	Click here to enter text.
Surname	Click here to enter text.
I.D. Card No.	Click here to enter text.
Telephone Number	Click here to enter text.
Mobile Number	Click here to enter text.
Email Address	Click here to enter text.

Add a table for each Technical Competent Person.

Provide a list of all relevant research projects carried out by the Technical Competent Person(s) and a list of all relevant papers published in peer-reviewed journals.

- Click here to enter text.

Will other persons be assigned to assist the Technical Competent Person(s) in their duties or in their absence be delegated the role of the Technical Competent Person(s)?

Choose an option.

If yes, list the names, surnames and I.D. card numbers of all persons assigned to assist the Technical Competent Person in the space below.

- Click here to enter text.

Section 2: Avian Species

List the total number of specimens per species subject to the proposed research.

Species Common Name	Species Taxonomic Name	Life Cycle (e.g. pullus/nestling, fledgling, juvenile, first-winter, adult)	Quantity
Click to enter text.	Click to enter text.	Click to enter text.	Click to enter text.

Add more rows as required.

Section 3: Details and Location of Proposed Activities

3.1 Proposal

Briefly describe the proposal that you are applying for and the objectives of the research (Maximum: 200 characters) and cross-refer to the project proposal and methodology that must be included with this application form.

Click here to enter text.

3.2 Details of Proposed Activities

List and describe all the main and associated activities that will be carried out on site, including any alternatives that were considered.

Proposed interventions and activities affecting avian species

Click here to enter text.

Add more rows as required.

Proposed duration of the activity (excluding data collection and analyses)

Commencement date	Click to enter a date.
End date	Click to enter a date.
<i>Estimated duration for data collection and analyses and submission of report to WBRU</i>	
Commencement date	Click to enter a date.
End date	Click to enter a date.
Proposed submission date of a report on the outcome of the research to WBRU	Click to enter a date.

3.3 Name and Address of Site(s)

Include A4 site plans, showing the site(s) outlined in red ink.

Click here to enter text.

Are any of the proposed activities you are applying for bound within a site area?

Choose an option.

3.4 Permit History

List all permits (e.g. WBRU permits, environmental permits and any pending applications, concession agreements, licences) on site quoting permit/application number including its status (e.g. pending, valid, expired etc.). If the site activities are covered by other concessions, agreements or particular licence, a copy of such documentation is to be provided.

Application/Permit Number	Status	Documentation
Click to enter text.	Choose an item.	Click to enter text.

Add more rows as required.

Section 4: Application checklist

Tick as applicable. Incomplete application forms will not be accepted.

- List of all relevant research projects carried out by the Technical Competent Person(s).
- List of all relevant papers published in peer-reviewed journals.
- Detailed proposal description and methodology.
- Site plan(s) showing the proposed site(s) outlined in red.
- List of permits and pending applications.
- All sections of this form have been duly completed.

This form and all accompanying documents shall be submitted to the Wild Birds Regulation Unit via email: wildbirds@gov.mt by not later than two (2) months prior to the commencement date of the proposed research, and is subject to the recommendations of the Malta Ornithology Committee. The Wild Birds Regulation Unit may require additional information from the applicant and/or the technical competent person(s).
